ACH AUTHORIZATION AGREEMENT GUIDELINES

(Give this page to member)

Verification that the Financial Institution you are sending money to or receiving from accepts ACH requests:

Not all financial institutions accept ACH transactions. It is your responsibility to verify with the Financial Institution that you will be sending money to, or receiving from, that they will accept this transaction from you.

Verification of authority to initiate ACH transaction:

We must have proof from you that you are an authorized signer on the account that you are withdrawing money from. Therefore, a Voided Check, Deposit Ticket or other documentation showing that you have the proper authority to authorize an ACH withdrawal is required before the ACH Withdrawal Authorization will be initiated.

How to revoke this authorization:

This authorization will remain in effect until we receive written notice, signed by you, revoking this authorization. This notice needs to be received by us three (3) days prior to the scheduled transaction date

Non-sufficient Funds:

If three (3) or more ACH transactions are returned to us for Non-sufficient funds this agreement may be terminated. All NSF fees are applicable to ACH transactions. Please see our fee schedule.
